

Weather Fisher Privacy Policy

This Privacy Policy was last modified on 12/12/2017.

I, Ricards Graudins, am the sole owner of Weather Fisher. This page informs you of our policies regarding collection, use and disclosure of Personal Information we receive from users of the Weather Fisher application.

We use your Personal Information only for the sole purpose of providing you the service offered by the application. By using Weather Fisher, you agree to the collection and use of information in accordance with this policy.

Information Collection and Use

Weather Fisher only uses your current GPS location in order to provide the weather forecast as well as the tide forecast. This information is sent to the OpenWeatherMap API and the WorldTides API, both of these APIs use this information to send back data to the user which includes the weather forecast and tide forecast respectively.

Disclaimer: I am not responsible if OpenWeatherMap or WorldTides misuse the Personal Information sent. If you have any questions or concerns as to how OpenWeatherMap or WorldTides use your Personal Information, please take a look at their Privacy Policies.

Privacy Policy Changes

Any changes made to this Privacy Policy will be posted on this website. If a major Privacy Policy change occurs, we will notify the user through the Weather Fisher application using updates.

Contact
